

Dear Jake

Thank you so much for organizing the book drive with students at The Poughkeepsie Day School. As I promised, every single book donated will be shipped to Guyana South America and will be placed in a library in the village of Little Diamond. This library will be accessible to all the residents in the village, particularly the children who have very little access to books other than school books. There will also be a plaque placed on the wall with the student donors' names. I will make sure on my next trip to take pictures so that the students can see the fruits of their effort.

The students' interest in this project is a reflection of their awareness of issues far away from their home ground. I am thankful to their parents and The Poughkeepsie Day School for fostering this aspect of their development thus making sure they grow into adults who will make this world a better place for everyone.

I also wish to thank the families of the students for donating the cost of shipping the books to Guyana. As you know, The Kishna Foundation (www.kishnafoundation.org) functions on the donations and goodwill of its benefactors, and 100% of the gifts are used to benefit the residents in impoverished communities in Guyana.

Once again on behalf of the foundation and the people of Guyana I thank you for your interest in this project.

Sincerely,

Sandy Kriz
